# Examinations & Self-Test

# Self-Test

You can now test yourselves in each of the three chapter.

You are free to take each self test up to three times.

If you take more than three tests, we assume that you are simply using it to prepare yourself for the examinations. That is OK as long as you understand the way the grades will be used.

You will be given 17 questions in each chapter.

The time allowed is 100 minutes.

Work out all the questions you are familiar with first.

**Final Exams**

# Web Assistance

YOU CAN STILL ASK QUESTIONS ON THE WEB IF THAT IS HELPFUL TO YOU.

IT IS A GOOD IDEA TO LOOK AT THE QUESTIONS YOUR MATES HAVE ALREADY ASKED TO AVOID DUPLICATIONS.

# Best Wishes in your Examinations

See you next term
